# Welcome to Prestige Dental Products, Inc.

located in Anaheim, California USA is recognized for its exceptional customer service, high quality products, and its competitive low prices.

**As an authorized Dealer of many brands in North America**, we have provided dentists with advanced dental supplies and equipment, along with excellent customer service. Our bulk purchases allow us to provide products to our clients with highly competitive low prices, thus ensuring that our customers' needs are met with full satisfaction.

**Prestige Dental Products** offers all Dental Specialties a comprehensive choice of the products and equipment that are necessary to operate a successful dental practice in the fields of General Dentistry, Cosmetic Dentistry, Orthodontics, Oral Surgery, Endodontic, Periodontics, Pedodontics and Implant Dentistry.

**Our Mission is to provide innovative, integrated Dental products and excellent services; and to be trusted advisors and consultants to our customers, enabling them to deliver the best quality patient care and enhance their practice efficiency and**

## Customer Information

### Order

**PHONE** To place an order by phone, please call toll free Number 877-772-3888 Monday through Friday 9.00 a.m. -5:00 p.m. (PST).

**FAX** You may FAX your orders to 714-632-8821.

**INTERNET** [www.prestigedentalproducts.com](http://www.prestigedentalproducts.com)

You Can Place Orders Online any time in our secure website.

Our Online Catalog offers access to our Product Line, Monthly Specials, Manufacturer Specials, and Promotions.

*Note:* New Customers/First time buyers do not need User ID and Password to shop from us.

Simply add items to the shopping cart. At CHECKOUT, you will have the option to pay with a Credit Card through our Secure Servers.

### Customize order for special customer

Email us to [mass@prestigedentalproducts.com](mailto:mass@prestigedentalproducts.com) a list of the items you order on a regular basis, or contact our sales representative to the Toll Free (877) 772-3888 and we will prepare a special Price list just for you.

## Payment

**CREDIT CARD** We accept Visa, MasterCard, American Express and PayPal. Credit card order will ship only to credit card holders name and address. If you want to ship your order to different address than the billing address, please pay through PayPal or through Bank to Bank method.

### Bank to Bank payment through High Secure Intuit Payment-Network

Pay electronically through high secure payment network, after you place your order, Prestige Dental Products will email you the invoice which has a link to guide you through a one-time set-up process to send your payment, and it is free for you. The payment transaction will be processed from your bank account to Prestige dental Products bank account securely. Nobody can see or know your bank information through this high secure Payment-Network.

### MONTHLY BILLING "Net 30 days payment"

To get a net 30 days payment terms, please fill out our credit application form. These accounts are subject to our open account terms pending credit approval. Satisfactory credit references are required. Your account payment will be due upon receipt of your monthly statement.

## Shipping

### GROUND DELIVERY

Free shipping for all Orders \$400.00 or more "Tax not included \$400.00" in the state of the west coast (Excluding: Equipment, Solutions, Large Heavy Cases of disposable Goods, Casting Materials, Hazardous and Refrigerated Items).

**EXPEDITED SHIPPING** UPS Next Day and Second Day Service for which additional shipping fees will be charged.

**SHIPPING HAZARDOUS ITEMS** All Hazardous products will have an Additional \$20.00 charge due to Dept. of Transportation Regulations. Hazardous materials may not be shipped by air (for example: Alcohol, Methanol, Ethanol, Laboratory Reagents, or anything flammable). No returns will be accepted.

All Refrigerated Items are non-returnable and are shipped Next Day Air only and charges are added to Invoice.

## State and federal laws

### DEA CERTIFICATE & LICENSE

To enable us to ship to you in compliance with the law, we mandatory request that you supply us with a copy of your DEA Registration Certificate and Physician License prior to your first order of any purchase items such as needles, syringes, I.V. Products, anesthetics and pharmaceuticals.

Prestige Dental Products does not take responsibility for any typographical errors.

**All Prices And Specifications In This Catalog  
Are Subject To Change Without Prior Notice.**

# Bone Grafting Material

Prestige Dental Products, Inc.  
Tel: 877-772-3888

## ArrowBone - Beta Bone Grafting Material (Brain Base)

pure phase tricalcium phosphate bone grafting material that is completely resorbable, while simultaneously enabling new bone formation. Its unique osteoconductive granule structure with open micro-and macro-pores allows for faster replacement by newly formed autogenous bone. The osteoconductive scaffold stimulates cellular activity as a result of its excellent biocompatibility and due to the high purity chemical synthesis materials, potential infection risks associated with bone substitutes of biological origin are avoided.  
Granule size: 250-1000µm

**ArrowBone-B 0.5g** 18-11111 **69.95**

## CytoFlex Tefguard Non-Resorbable Membrane (Unicare)

CytoFlex® is a non-resorbable membrane for use as a space-making barrier in guided tissue regeneration procedures. Composed of a proprietary micro porous polytetrafluoroethylene (PTFE) thin film, CytoFlex® has a surface texture and porosity suitable for adhesion of host cells to the material while preventing passage and integration of bacteria within the interstices of the material. The supple membrane conforms easily to tissue contours, and yet offers sufficient stiffness to maintain a space over the bony defect. The smooth, micro-texture surface is designed to improve flap attachment but prevent tissue and bacteria ingrowth.  
[FDA has approved Cytoflex® for use as a barrier membrane in the treatment of periodontal defect using guided tissue regeneration procedures.](#)

**Mesh 25mm x 30mm, 5/Pkg** 18-12112 **198.95**  
**Tefguard Membrane NonResorb-able 25mm x 30mm 5/Pkg** 18-11112 **194.95**

## Cytoflex Microporous Resorbable Barrier Membrane (Unicare)

Cytoflex® Resorb is an absorbable membrane for use as a space-making barrier in guided tissue regeneration procedure. Cytoflex® Resorb membranes are designed to enhance the adhesion of host cells, and at the same time provide a favorable environment for neo-vascularization and repopulation of bone cells to regenerate osseous tissue. The flexible barrier membranes are easily adaptable to tissue contours, yet offer sufficient strength to protect the bony defect from the intrusion of bacteria and soft tissue. Composed of synthetic polylactide and polyglycolide copolymers, Cytoflex® Resorb barriers are resorbable and do not require a second retrieval procedure.

**30x40mm Pkg of 2** 18-11114 **184.95**  
**30x40mm, Each** 18-11115 **109.95**

## Cytoflex Titanium Mesh (Unicare)

Cytoflex® Mesh is made of a pure, implantable Titanium mesh with precision mesh profile. This product is designed for use to ensure three-dimensional reconstruction of alveolar bone defects and to facilitate bone augmentation through adequate fixation of the augmentation material.

The thin, supple mesh conforms easily to tissue contours, and yet presents sufficient stiffness to maintain a space over the bony defect.

Each CytoFlex® mesh is double pouched and provided sterile.

**25mm x 30mm, 5/Pkg** 18-11113 **174.95**

Prestige Dental Products, Inc.  
Tel: 877-772-3888

## UniGraft Synthetic Bioactive Glass Material (Unicare)

Unigraft is made of the highest quality bioactive glass by a proprietary process. The synthetic bioactive granules are optimally sized for ease of administration and enhancement of tissue growth. The product is conveniently packaged in a sterile vial, which is stored within a hermetically sealed foil pouch to ensure product sterility prior to implantation. Unigraft not only offers an osteo-genic framework for new bone growth, but also bolsters a higher level of osteoblastic activity to enhance bone regeneration. FDA has cleared this product for use in treating periodontal defects, extractions sites, cranial and facial augmentation and augmentation of the alveolar ridges.

### Easy to use:

Hemostatic -- quickly stabilizes the wound site  
Compatible with autologous and freeze-dried bone

### Bioactive :

Accelerates bone regeneration

Transforms into natural bone with time

### Safe Alternative to Freeze-Dried Bone:

Consistent high quality

Free of disease transmission

No complicated release forms or restrictions for blood-donors

200-420 Micron, 1.0gm, 5/Pkg	18-11133	259.95
200-420 Micron, 0.37gm, 5/Pkg	18-11134	159.95

## Tip Bone Graft (Osseo Scientific)

## Bone Grafting Material

### DM Bone (Meta Biomed)

M-Bone is a bioactive bone graft material, which is resorbable and able to be replaced by new bone. DM-Bone is a ceramic constituted of two-phase of silicon (<1wt%) contained coralline 60% hydroxyapatite and 40% beta-tricalcium phosphate.

BoneMedik-DM surface: interconnected Nano and Micropores

Nano and Micropores Granular shape of BoneMedik-DM

Internal Structure of BoneMedik-DM

Silicon containing porous Hydroxyapatite (Si-Content: Avg. 0.6 wt%)

Optimum balance between HA and  $\beta$ -TCP in the ratio(%), 60:40

Silicon ion technology speeds up the Bone Regeneration & Heal Activation

Outstanding Biocompatibility (No Biological Rejection, No Disease Transmission)

Excellent Osteoblastic Activity with wide surface area: 72% Porosity
