Aluminum Chloride, 25%, 10cc	48-90568	17.95
Hemogin-L, 40cc	48-90567	46.95

Racegel (Septodont)

RaceGel® is a brand new hemostatic agent in the form of a gel specifically designed to make gingival preparation procedures easier and more comfortable for patients while ensuring the quality and precision of impressions. Racegel® exhibits a thermo-setting properties: the product is liquid at room temperature and turns into a firm gel when placed in contact with oral tissues. Racegel® comes in a thin syringe with pre-bent tips to better control the placement of the gel even in less accessible areas. The use of a retraction cord is no longer necessary, but is still possible if clinically required. The use of Racegel® allows easier insertion of the cord. Contains 25% Aluminum Chloride and rinses
